Welcome message

Event Chair

Kotaro Yoshimura

(Professor, Department of Plastic Surgery
Jichi Medical University)

This event, International Plastic Surgery Research Council (IPSRC) 2024, was planned by Kotaro Yoshimura, a chair of JPSRC 2024. JPSRC is one of the two official annual conferences sponsored by JSPRS. Research councils are being held by each country or region, such as PSRC (US) and EPSRC (Europe), but there has been no global event or activities so far. Therefore, the concept of IPSRC was launched as a global conference in the field of Plastic Surgery Research. The first event will be in Tokyo on Oct 17-19, 2024. This event is fully supported by PSRC, EPSRC as well as JSPRS.

Considering attendees' diverse interests in Plastic, Reconstructive, and Aesthetic fields, two more events will be combined. One is ISPRES (International Society of Plastic and Regenerative Surgeons). ISPRES is an international society and one of affiliated societies of ASPS (American Society of Plastic Surgeons), handling clinical technology and science regarding fat and its stem cells as well as other regenerative medicine/surgery.

Another is an aesthetic and anti-aging conference, "The Aesthetic & Antiaging Tokyo (TAAT)". This event will cover a lot of world-renowned surgeons and opinion leaders in the field of aesthetic surgery and dermatology as well as anti-aging medicine. Asian Federation of Plastic Surgery Societies (APRAS) will have its 3-hr session in each track of PSRC, ISPRES and TAAT.

You can refer to invited faculties and organizing committee of each event. We are excited to have this first-ever event in Tokyo and welcome surgeons, scientists, practitioners and residents from over the world. All the three events have free paper sessions (Please submit your ideas/innovations/experiences) in addition to keynote lectures by world experts.

Tokyo is a most exciting city in the world with the highest hygiene. We hope you enjoy not only scientific contents in the conferences but also Tokyo's traditional and modern culture and hospitality, well-known fabulous food and delicate people in Tokyo

Abstract Submission

Abstract submission: Closed on June 10th

Thank you for submitting abstracts.

We received a number of abstracts and will notify the results by the end of July.

Program plan

Four rooms have scientific program in English as below. All English programs are available as live streaming, so presenters can talk in person or virtually, Audience has virtual access to the 4 channels too.

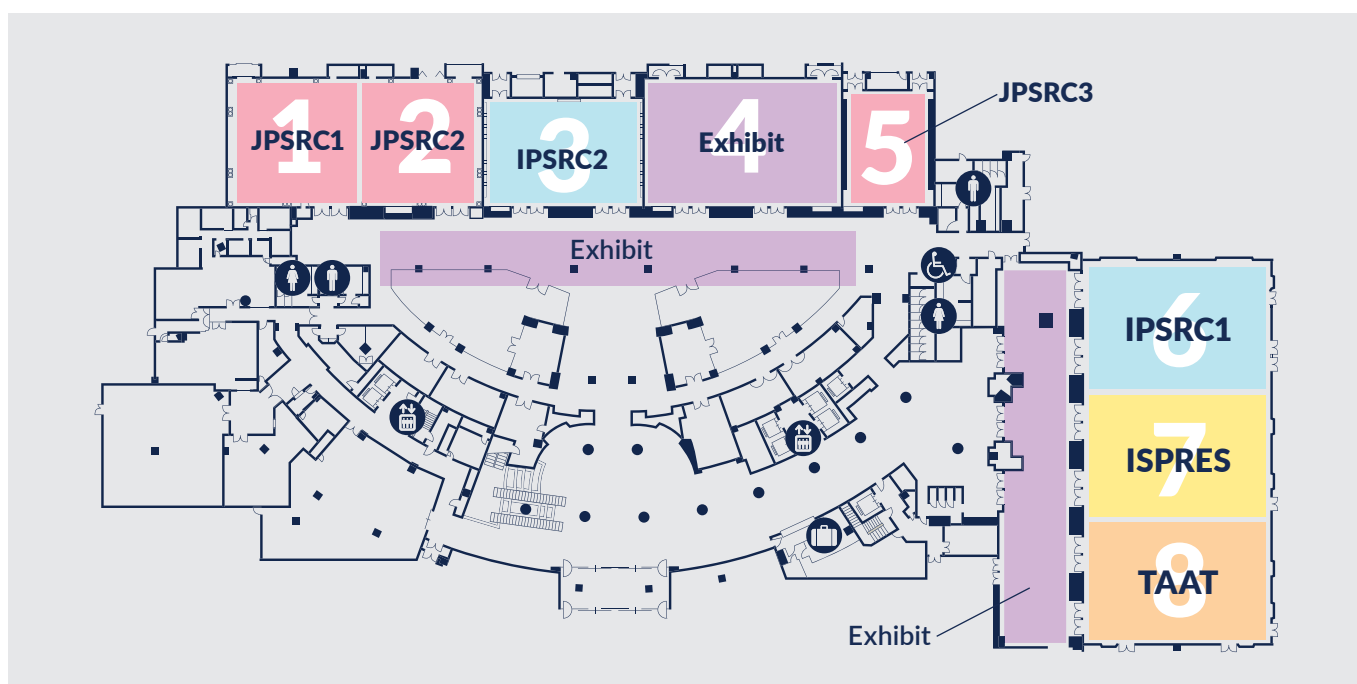

Each scientific program contains lectures, symposiums, and free paper sessions, as well as sponsored seminars.

Room	Oct 17 (Thurs) 9am-6pm	Oct 18 (Fri) 9am-6pm	Oct 19 (Sat) 9am-6pm	Language (Japanese / English)	Content	Free Papers	Simultaneous interpretation	Live Streaming
